

Catcher's Gear Sizing Guide

CHEST PROTECTOR SIZING

For chest size, measure from the top of the breast plate or sternum(the bone under the chin) to the waist. This will give you the length required for a proper fit. Match that length in inches to what is given in the product description.

LEG GUARD SIZING

For leg guard size, measure from the center of the kneecap to the bottom of the shin. . Match that length in inches to what is given in the product description.
