

How to find your shoe size..

1. Place child's heel on the dotted line
2. Read the size number at the end of the largest toe
3. If the toe is between lines, child may require a half size

For a good fit...

- Press on the toe of each shoe - allow at least 1/2" of room for growth
- Be sure your child stands in the shoes for a comfortable fit
- Be sure heels are not slipping while walking
